Fished the Chesapeake with my father and a friend from thursday to saturday. We caught lots of fish over the three days, but we had a hard time finding fish of good size, especially stripers. We caught cocktail and snapper sized blues, a lot of short stripers (the biggest being 21 inches), 2 weakfish, croaker, and spot. I did well with a 1/0 brightly colored jiggy fly on a fast sinking line, but we also caught a lot of fish jigging spoons, and a few live lining spot. We found numerous schools of big bunker, but there were no gamefish following the schools.
