Hi Andy - Your plan on walking to the stream is a very good one.

There's a bike/walking path on the West side of the creek - easy access to it from Broad St.

Fish upstream as far as you want to. It's all good water. Lots of small wild browns.

This path goes all the way up to Illicks Mill. I prefer the section just downstream from Illicks Mill Rd - don't be surprised if you hook up with some nice fish.

On the USGS gauge, anything below about 80 cfs is prime.

Hope you enjoy the stream - it's a little gem, and you likely won't see another fisherman.

H.A.
