Andy - A correction to my prior post.

The bike/walking trail doesn't start until you get upstream to Union Blvd. It's on the west side of the stream.

If you want to access the stream off of Broad St, walk to the parking lot on the east side of the bridge, and walk down the entrance to the lot. There's access from that point, but you'll be on the east side of the creek. There's a paved path that turns into a road as you get closer to Union Blvd. The west bank in this stretch is basically a cliff.

The section of stream between Broad St and Union Blvd isn't the easiest to fish. There's stone walls along part of it, which makes getting in and out of the stream tough.

Dcap has the right idea - starting at Union Blvd, and fish up to the Mill. That's a pretty good hike....
