Winstons don't have lifetime warranties?

Yep, looks like they do.

"Every new Winston boron/graphite and/or graphite fly rod or blank is covered by our original owner Unconditional Lifetime Guarantee against breakage or manufacturer's defects. This warranty is available only to the original owner of boron/graphite and/or graphite fly rods or blanks purchased from an authorized Winston Dealer. This warranty covers, at Winston's option, the repair of the original rod or the replacement of the rod with an equivalent rod only. The warranty is subject to the original owner completing and returning either the warranty card or Warranty Registration Form PDF to Winston within 10 days of purchase. "

Conditional on the warranty card being sent in, but maybe they wouldn't hold you to that, provided you can provide some other proof of purchase.
