Hey guys and gals,

I'm new to the area and new to the forum --

I'm curious about the Lackawaxen River (and the surrounding Upper Delaware River)..

Can someone give me some pointers and advice on fishing these particular rivers?? hots spots, bad spats, patterns to use, etc. I'll be heading that way in a few weeks and wanting to do a bit of homework beforehand.

Thanks for the help and look forward to your responses!
