We did fish along the shore of Lake Erie as well as the mouths of both Elk and Sixteen Mile. She waded along shore casting and fishing like she was after bonefish on a flat. She said " I just want to ", it wasn't about catching a fish.

She was introduced to fly fishing thru casting. She attended some gatherings with Fly casting as the focus. Casting rendezvous's and this summers competition for example. She learned what a good cast looked like and how it was formed. She enjoys Fly casting and a good fly rod the same way another woman might appreciate quilting or yoga. The allure or mystique of the cast might bring more people to fly fishing than tying or fishing itself in the right venue.
