Thanks Troutbert for looking. We pulled out and drove through the parking lot of the gas station then into Bellefonte then turned left on 144 up over the mountain to Centre Hall. We looked on the side of the RD all the way to Tussy Mt Outfitters didn't see it. It was dark when we looked so we might of missed it. We were in a Jeep Wrangler with a stick shift and the guy driving was pretty rough on the clutch so we did bounce a bit. 😊
