i keep one pair clipped to a vest pocket flap.

i keep a hemo/scissor combo(whatever that's called!)on a zinger.

i try not to play a fish till it needs resuscitation ,and just reach down the tippet to the hook and flip it off.fast and easy and i try never to touch the fish or bring any more than a bit above water.

Q:how can you tell if someone fishes barbless?

A:they tell you,over,and over,and over(like vegans)

haha JK!!!! :)
