They are all stream sections that have been stocked for years...very popular based on opening day angler counts. Some are in urban parks. As with all proposed rule makings, it would be educational to review the entire proposal before commenting.

Mike,

The only thing I can find is the summary of the proposal found in the link. Where can we find the "entire proposal" detailing the proposed rule change which includes the streams mentioned in the proposal? One can only make a public comment based on the information put forward.
