Hey all,

Was checking Craigslist earlier for Fly Tying stuff and stumbled on this.

Just posting as a public service announcement. I also posted this in the locations section, but might get more views here... Here is what it says:

Found: Fly Fishing Box on Dunbar Creek

I found a fly fishing box on Dunbar Creek on Sunday, Oct. 6. If it's yours reply to the posting with a description of the box and what's in it so I know it's yours.
