"I am grateful that I have lived through the time that equipment was refined, **when introduced brown trout created their own native populations**, and when restricted killing became the vogue in regulated areas. This period has been the foundation of dry fly fishing in America. It is saddening, however, to see my beloved streams---Cedar Run, Big Spring, and the LeTort---suffer unnecessary deterioration from an instrument called "progress" "... Charles Fox

I don't care what Charley Fox says or any other name that you wish to drop. The part in bold is contradictory and never happened. Unless of course he considers this full blooded German (me) to be a Native American.

Just curious... How does he feel about carp?
