good to hear Mike,

I hope the CCA, ASWF etc. can help on PA's support pressuring VA over their size limits, and other states re commercial limits on their menhaden harvests which are lobbied hard by Ocean Harvest for their fish oil omega supplements...

its a migrational fishery, we gotta fix all of it to fish any of it.

my radical position is that we have to fix the menhaden problem or otherwise make stripers a gamefish - the rec fishery is three times the commerical north of NJ.

figures.
