It was an awesome trip. The Walleye, pike, 2 of my musky and both of phils were all on the 1st day. The 2nd day it got really windy and tough fishing had one follow to the boat and peel off then we had a suicide pike that ate my fly 4 times and Phil's 4 times but we couldn't get a hook into it. It was probably only 18-20". The 2nd day right away Phil missed the big one and I caught that other musky and I missed one more and also had a couple follows. I look forward to this trip every year and already can't wait for next year.
