With all due respect, what on earth are you talking about?

Just a "shot" in the dark but he might be talking about those funky round split shot dispensers??? Not sure. Mine rattled too much in my chest pack so I just dumped all of um on the shelf and they now live down in the hinge of the pack. Maybe I ought to paint an arrow to where their at? Dude, we're really beat'n this guy up pretty bad here..... Sorry, can't help it. Smart ass city round here.
