I own the land upstream from the West Creek hole. My land starts at the old train abutment just downstream from the Benton Dam down to my house along 487N. You will see the fishing allowed signs just before coming into town on your left. Please feel free to park there at my house. You will see a gate on the road that says no Hunting but fishing is allowed.

Stop in and say hello sometime. Matter of fact that stands for everyone that posts here. Stop in and say hello.

Ron
