PA Non Resident 1-day license too \$\$\$\$?

In PA it's \$26.70 for out-of-staters to fish for one day. Last week I fished two days in VA at \$8 per day. I think our State charges way too much. MD charges a reciprocal rate, so We would have to pay \$26.70 to fish there for a day, because our state charges so much... I live minutes from the MD line and would love to fish there (legally) but I'm hesitant because of the price and my limited time to get out fishing. What do you think?
