girlfriend and I did a WV roadtrip back in May/June and bought licenses while there....\$29 for the stamps alone, then it's \$3 a day, purchase the days as you need 'em. So \$32 for a single day there if non-resident. We got tags for three days of that week, only fished on one of 'em, but then re-upped for another day during another wknd trip. So we're at \$41 each for four days...PA pricing doesn't seem that out of whack to me.
