I wouldn't doubt the afternoon was very good. But FD had some wader issues, and I could stay in domestic good graces by leaving early and getting to the in-laws at a decent time anyway. So we quit at 12:30 or so, went to the Avonia tavern for food and drink, and then called it a day.

I bought new waders at Folly's so after lunch I did go back out and did some casting in the surf at the mouth of Trout Run with large streamers. Lot of people watching, but nobody else fishing. No idea why. Caught 5 missed a few.
