Since my pm feature isn't working....I'll have respond here to icyguides PM.....

My buddy has SA Streamer Express. He said it's a 7 wr line with a 40' fast sink tip. Front 30' are 250 grain. The line retails for \$79.95 The line was used for 4 hours from a driftboat one day. \$40 picked up or \$45 shipped. You have first shot at it.
