I missed the 30 inch mark by about 1/2 an inch back in 2004 out of Pine not far downstream from Slate. I've had a few in the 27-28 range and a ton from 22-25. My biggest that I'm pretty sure was wild was about 23. I haven't chased big fish lately, but there was a time when it was the absolute focus of my fishing time.
