Great fishing with you and glad we got out when we did, even if it was pretty slow action overall. It will be a few weeks before I fish again thanks to projects and other school stuff. I added a few of my pics. That 4th brown is awesome, I am DEFINITELY night fishing the next chance I get.

Btw nice steelhead in the other thread, cracked me up when I saw you got one on a mouse! Didn't look too crowded either.
