Hi Everyone,

We will be releasing our new Xa2 rod here soon. I just thought it was right to announce a pre-release on PAFF since the rod is made in PA. From the blanks being rolled and assembled.

We are excited to have our Xa2 made in the USA and in PA. This forum has been good to me from the start and I thought it was just right to announce it here first.

I attached some photos. They are not the best. The real photos are being done now.

Starting with

3wt 6'.6"

4wt 8'.6"

4wt 10'

5wt 9'

6wt 9'

7wt 10'

8wt 9'

Thank you,

Justin
