Yea there was a pretty mangled deer on the road in front of my apartment yesterday. It was trying to get up, but its legs were pretty messed up. We called the local police to come and take care of it - figured it'd be good to put the thing out of its misery, and I don't own a gun. Not sure it'd be legal anyway... If I had put it down I may have gotten in trouble for poaching a deer or something once the police got there!
