While I think this topic is very important I don't totally agree with taking this person's picture and posting it on an internet forum, especially when pointing out his wrong doing. It's a bit harsh in my opinion.

I can't say that I totally disagree with you. I struggled with putting the picture on here but felt it was important to make the point. It is also from behind and probably not going to be identified by anyone other than himself.

As at least two people have PM'd me, I guess this now makes me forever known as PAFF's "Redd" Fox. Oh well it could be worse.
