This thread is against single people. Such prejudice should not be tolerated. 😊

When I was married, she'd hang out / tan / read when I went fishing. The girlfriend I had prior to that was really into it. After taking her a few times, she bought her own gear and usually was the one that wanted to go fishing. Hell, she even got a vanity plate "9ft-5wt". I'll also guess that she'd outfish most of us. Lol.
