Below is a link to a recent survey of Black Creek / Hayes Creek in Carbon County. I've fished the stream quite a bit when I lived in the area and now only fish it occasionally. This is the first survey done in over ten years.

There has been quite a bit of discussion on here the past few years concerning the stream not fishing very well. Apparently the stream is alive and well with some big fish found especially in the more remote areas. The amount of

Great to see the stream seems to be doing just fine.
