Hello Keystoner's,

My name is Ard Stetts and I was born at Williamsport quite some time ago. I no longer live in Pennsylvania but often find my mind wandering to my old mountain streams and spring creeks. There may actually be a member or 2 on your forum who has known me from my life there in your fine state, time will tell about that.....

For the next few days I'll come on to see what you fellows are chatting about and I'll try to fill in a profile here if such a page is provided. I just registered and was able to make this first post. My next stop will be to investigate the various features the forum has for users.

I'm fairly familiar with much of Pennsylvania's watersheds and I'm sure that reading your threads here should bring up some memories for me. For now I'll end my intro and go snooping around a little.

Regards,

Ard
