Welcome Ard, you made a great choice in Ak. for Pa. This forum is like any other, paid for by a good person, moderated by well meaning people, and infested by fisherman, all in all it's a good site . You didn't say how long you have been absent from our wonderful state , so some of your streams may not be as productive as the past, and some of them may not even hold fish anymore. Some are doing better than ever, it all depends on the area. If you can let us know if Ak. is as good as remembered. Enjoy
