Been fishing Slate for the last 30 years or so. I fish it mid week usually and hardly ever see but a handful of guys each time I go. I realize most can't get away like that all the time in the middle of the week but, if you're gonna plan a vacation shoot for mid week if fish'n around others bothers you. I do fair on it, it can be frustrating at times. I'd rather fish Cedar myself to tell the truth. The stretch from the mouth at Pine up to at least the Mine Hole is one of my favorites. From there up the the Fauny ain't too shabby either. I kinda always thought Slate was a bit over rated. But, that's just my opinion.
