Don't get to see the grands nearly enough since they live in Farmington Hills, Mi and we're up here in Carbondale, Pa. Just a 10 or so hour drive.....

It really was terrific to have them want to know about all the "stuff" and to want to try their hand at it. Surprised me how intent they were as we tied. Plenty of questions about what and why.

Looking forward to having them over in warmer weather so that I can get them out on the water and chasing pan fish with my 3 wt. 😊
