Typically don't bother them from mid Oct to mid December. It's the polite thing to doplus.....you want them to make more young uns.

Only my 2nd season fishin so I'm still new to this. Should I not be fishing from now until Dec 15th-ish?

Stagger if you don't know what to look for then I recommend not fishing. Kudos to you for at least inquiring. As you get more experienced you will learn how to avoid the redds and fish ethically during the spawn.
