Osprey its like moving up here have to get to know the locals. once you do then your in and will be helped a lot. I was lucky enough to grow up at the beach and got to know the locals at an early age. met Bob pop. and Lefty in the late 60's / early 70's for the fly fishing part. before that learned from the locals on spin fishing. I started there in the early 60's.
