Looking through some old fishing pics tonight and found a couple of winners! LOL. One pic was from 1990. My brother was taking a photo class and was into the black and white thing for a while so he snapped a photo of me casting just below "the ditch". Photo of me and Art Lee at Hendrickson's Pool on the Beaverkill from 1988-1999. Based on the sweet glasses, I'm thinking 80's. Last one was taken just above the posted property at the lower end of Fishermans Paradise. I must have caught 12 fish that day around that size.....can't do that up there anymore though.

Share some of your older pics with a little blurb about them.
