Contact PFBC to see if you can get the stream on a future survey schedule. The results may be Ben's Crk being placed on te class A list.

Yes, contact the PFBC and tell them your thoughts.

It's always good for them to hear from people interested in wild trout populations.

Just be realistic about the politics. You'll be going up against a sportsmens club. We've seen that scenario before.

What the landowners want also has a big influence. Some landowners like having streams running through their land to be stocked. Some prefer that they not be stocked.
