Based on my reading so far, it seems that only about 9 ft of leader/tippet is required to fish in the style. Can you make it longer? When would you or would you not?

I like the idea of a built in indicator, as I never use one.

Check out the rig on pages 14-15 in the link below

http://www.bluequillangler.com/site/e..._nymphing_techniques.html

My typical leader/tippet length usually ends up being around 16'
