Boss, I grew up in Washington county, went to Ringgold. There are always Kings creek and Aunt Clara's fork out in Paris. I hit Aunt Clara's back in Sept. and did well on holdovers. There are also a few wild browns throughout this drainage. They are the only streams designated as cold water fisheries in the county. Other than that, try Indian creek out in Westmoreland county in the DHALO and upstream. Camp run is there as well. Access lower end of DHALO of Indian at intersection of SR 31 and SR 381.
