West of Landenberg ?

Hey fellas,

I'm moving out to Landenberg this weekend - what can I expect from the streams to the west of there - east branch of white clay, octararo creek, conowingo creek, Donegal creek, fishing creek etc ?

How do they fish in winter and summer ? - I've been fishing VC and the little Lehigh, how do they compare?

I'm not looking for spots, but any advice or tips will be much appreciated.

Cheers

Mark
