We've floated it a couple times, around the 3rd week of May or so. You can float from Ansonia to Blackwell and camp at the campsites at Tiadaghton. That makes a good weekend float.

We just pulled off somewhere and pitched a tent on state forest land, about halfway down, rather than camping at Tiadaghton.

We hit the Green Drake hatch there, and had good fishing for both trout and smallmouth.

It's a nice outing. Go for it!
