Hi Everyone,

I am new to the forum and I am currently shopping for the same thing. I hope I can add my research to it as I also learned from lurking on the forum for the last few days. I will be buying the NFO McKenzie Drifter. I looked at a few of the fish cats and such, I just can not beat the warranty and the fact that it is so light, and I can convert it from two to one person. I emailed them the other night for suggestions along with Outcast and the email I received back from Scadden was great. Very helpful people. Outcast, I like their boats, but, their customer service was not helpful and I learned more about their product by reading here and other areas on the web. There is a show in New Jersey this weekend that they are at if anyone is interesting.
