Tip from a cheapskate....

Call NFO this week and get a price for the boat (preferably from Dave himself). Then get a price at the NJ show. Odds are they won't be the same. Also get s&h charge from both.....buy the cheaper offer. Might save you \$50-\$300. Use that money for spare oarlock, spare oar, patch kit, life vests or whatever. I think you will be happy with the product. If you have any questions about assembly or repairs, don't hesitate to shoot me a PM.
