Charlie..... I'm going to take a guess as to what you were offered.....

McKenzie boat for \$1799 - \$1899 with free shipping.

Upgrades (which just happen to be standard):

Padded / custom seats

Lazer Lok frame

Upgraded oarlocks

Standing platforms

Lean bar

Cargo bags

Through frame anchor system

Unless he's giving you a pump, anchor or carbon fiber oars, you aren't really getting anything out of the ordinary other than the free shipping.

If you did better than my guess, good for you. Take the deal and run!!
