Hi Guys, I'm finishing my basement and would like to add an assortment of flies to the top of my bar... If you would consider sending one of your favorite hand tied flies to me I would be proud to display it inside the top of my bar. Kinda like they've done at the slate run inn on pine creek (near wellsboro)

If you would consider sending one let me know and i'll let u know my address... I live in Bellefonte... would be happy to meet too.. I've got about 10 so far from locals and a few from Washington and california too...

Thanks a bunch,

Dan
