not sure exactly what else you could throw with that rod, because I only threw tricos with the 1 I used. A guide allowed my to use his after I commented on how nice his rod looked ( he was not fish it, just had it in the back of the truck). I was able to throw sz 22 tricos and land several 20"+ fish with it. The feel was incredible and I would not be affraid to throw sz 8 streamers or weighted nymphs.
