I'm not sure this is going to be right but. It's a European style tie and the Czech's popularized it. Weaving is a polish style tie. There's a lot more to it, someone else I'm sure has much more of the facts behind it. I saw the style of these flies and really liked them, I love trying new(to me) things like this out. These kind of ties have been used for a very long time.
