Just so everyone is clear. The Millport conservancy is a private conservancy. Anyone on the conservancy must either be a member of the conservancy or a member of Donegal TU and in possession of a badge. Any member fishing on the conservancy must have a badge which you can purchase for \$20 through Donegal TU in order to fish. Only members of Donegal TU or the conservancy may purchase badges.

I am making the distinction because it is a privilege we enjoy through the conservancy. Most of Lititz Run is through private land please be respectful of this arrangement.

That said. Nice Fish!
