thanks will watch the side seams on the cabelas ULs ... I have also had rubber soles wear down on otherwise good boots. I want to hike to fish so I am going to use the cabelas ULs and Patagonia for now.

thanks swattie I hope the cabelas work for me --usual issues with buying online. I at least have other things to go to if they bother my feet or ankles.

I think I've been getting about a year and a half on a pair of boots as well
