My name is Keegan I live in the Carlisle area. I am looking for a fishing buddy to go fly fishing with in the mornings. I work 3-11 most days of the week so mornings are open for me. I mostly fish for trout but I do enjoy the bass fishing as well. I also would like to target some carp. I have a wagon so traveling to new streams would be nice to try! Just a real laid back guy who loves to fly fish.
