The park is a great place to fish dries ants, adams, royal wulff and a Mr. Rapidan are all the flies you will need. Rods can be a different story something around 6' will get you where you need to go, longer rods in the 8' range I would stay to the bigger streams. I fish the park normally with a 6'3" 4wt but if you go exploring some get tight and I fish with a 4' or 4'10" 4wt. Joe E
