Krayfish---The fishing is better prior to May 1st. I get out 5 to 6 days a week year round. If you would chose to fish local...not the D...your numbers will dramatically go up.

The fish are there 24/7/365.25. You should be there too!

NickR could have you fishing for carp non-stop...

Meanwhile...

I fish the West Shore Carlisle area exclusively...and have much to learn also. I would enjoy a few get togethers.

John has tried a few times to lock me into getting together but it has yet to happen.

Currently I am interested in heading to a few sections of the Yellow Breeches that are not easy to access...kayak into area and fish. If anybody is game, I have 2 kayaks to contribute to the cause.
