Man this was totally off my radar too. My apologies. I do not see a good Saturday until June. First weekend of May I'm in CA, the next 2 Saturdays are out due to those going to the jam early and then the jam itself. Then I'm away the 4th Saturday and my wife's b-day the last Saturday.

I'll throw out June 7th as a date and see how this fits into schedules. The next two Saturday's are out for me due to my week away on a fishing vacation with another CA trip at the end of June.

So give me some feedback on the 7th and if that seems to work, I'll get with H-A and get an event thread going.
